A friend got some vinegar in his ear, now he suffers from pickled hearing.

A friend and I were standing in line at a fast-food restaurant, waiting to place our order. There was a big sign posted that read, "No bills larger than \$20 will be accepted." The woman in front of us, pointing to the sign remarked, "Believe me, if I HAD a bill larger than 20 dollars I wouldn't be eating here."

The sandwich was invented by the Earl of Sandwich who actually discovered the Sandwich islands which were later renamed the Hawaiian Islands by the inventor of the Hawaii chair. The Earl of Sandwich later went on to discover Soupland and the All You Can Eat Salad Bar Peninsula.

Waiter, this coffee tastes like mud!
I'm not surprised, sir, it was ground
only a few minutes ago.

Waitress, do you serve crabs?
Sit down, sir - we serve anyone.

When the waitress in a New York City restaurant brought him the soup du jour, the Englishman was a bit dismayed. "Good heavens," he said, "What is this?" "Why, it's bean soup," she replied. "I don't care what it has been," he sputtered. "What is it now?"

A pickle spear could be useful in a fight. Just jab the pickle in the other person's eye, pickle juice doesn't feel very well in the eye. Trust me. Then you could have enough time to run away.

Hope you enjoyed your meal, and avoided a pickle fight.
